	Product Name	New Sku	Old Sku Equivalent
LOCK OPTIONS	 Custom MicroSaver®	A0501616	A0439173 A0431529 A0423625
	 Custom Twin MicroSaver®	A0501617	A0470729 A0098720 A0060738
	 Custom Desktop MicroSaver®	A0501618	A0428610 A0035079 A0379628
ACCESS OPTIONS	 <b>Shared Access</b> All locks are alike; all user keys open every lock.		Suited for shared work environment with low risk of internal equipment or data theft. Allows associates access to all equipment.
	 <b>Master Access</b> Unique, individual keys and locks for computers; master key opens all locks.		Allows individuals access to own equipment while IT manager has control of all equipment and data. Limited down time with key loss or personnel changes.
	 <b>Supervisor-Only Access</b> All locks are alike; only one master key will open locks. No individual keys provided.		Designed to reduce risk in classroom, lab or library environments. Computers can be locked in place with IT manager access only.

### Custom Locking System Ordering Steps:

**Step 1:** Select the type of lock your customer needs.

**Step 2:** Place your order with Kensington, Specify quantity—there is a minimum order quantity of 25 units. There is no longer any need to order in increments of 25. Once the initial 25 unit minimum is met, the order can be for any amount over that. Include a name, shipping address, phone number and email address for the order. This person will be contacted by Kensington to choose the correct access options for their custom order (see above).

Upon receipt of the order, Kensington will call the specified contact for final configuration of the Custom Locking System. If this is a re-order, the contact point should have the existing key code available.

For more information about the Custom Locking System from Kensington, please contact your Kensington sales representative, call 1-800-235-6708, or visit [www.dell.kensington.com](http://www.dell.kensington.com)
